OFFICE OF LEGISLATIVE COUNSEL

Monday - 9 December 1968

25X1 1. [] Hand carried to Senator Ellender's
25X1 office and [] commenting on the Senator's visit to the Soviet
Union.

25X1 2. [] Met with William Woodruff, on the staff of
the Senate Committee on Appropriations, and left with him a letter from
the Director to Senator Richard B. Russell covering a withdrawal from
the reserves.

I left with Woodruff and [] containing an Izvestia comment on
25X1 remarks made by Senator Russell during the secret session of the Senate
[] as the record of that session was subsequently
released. Woodruff was very interested in this item and said he planned
to bring it to Senator Russell's attention. (This had to do with Senator
Russell's remark that if there were a nuclear holocaust and no one was
left but Adam and Eve, he hoped they would be Americans and not Russians.)

Mr. Woodruff said he was confident that Senator Russell would follow
precedent and appoint Senators McClellan and Ellender, next ranking
members of the Defense Subcommittee, to the vacancies created by the
retirement of Senators Hayden and Hill.

I advised Mr. Woodruff that a review of our Library staff situation
indicated there would be no openings in the foreseeable future, therefore,
it appeared an interview of his niece would serve no useful purpose at this
time. Woodruff thanked me for looking into this and said this was what he
wanted to know. He is planning to assist his niece in obtaining a position
with the Library of Congress.

25X1 3. [] Hand carried to Colonel Haaken Lindjord,
25X1 on the staff of the Senate Subcommittee on National Security and Inter-
national Operations, and [] containing Soviet comments on Senator
Jackson's address at the North Atlantic Assembly Meeting.

25X1 4. [] called to advise us that
a member of Senator Tydings staff had been in touch with an Agency employee,
who is related to him, concerning a contact made with him by a Soviet
official. I expressed concern about our having any dealings with a member
of Senator Tydings staff in a case like this unless the Senator was personally
aware of it. I suggested that we not proceed further with this unless the
employee advises Tydings of his contact with the Agency.
